

DIGITAL SOLUTIONS · SYNERGI™ LIFE

A STANDARD-SETTER IN QHSE MANAGEMENT

Customer story - Petrofac

Petrofac provides facilities management solutions for the oil and gas industry. The company operates in a high risk industry where the prevention of occupational hazards and major incidents - fires, explosions and oil spills - is fundamental to business success. Petrofac is a complex company with complex operations and needs a simple way of collecting QHSE data.

Benefits for Petrofac

- Increase in client confidence and enhanced corporate image
- Ability to quickly review completed reports
- Easy assessment of the quality of investigation and the completeness of the compliance process
- Data analysis in seconds rather than hours
- Better root cause analysis
- Improved logging and tracking of actions to prevent recurrences

"The strength of Synergi Life is that it has been developed from ideas by QHSE professionals using IT experts to deliver their ideas. Many other products are developed by IT experts who look for a market for their skills."

Gareth Jones, HSEQ Director, Petrofac

PETROFAC IN BRIEF

Employs 4500 people in 18 locations worldwide. Petrofac has doubled in size in the past four years and continues to grow at a rate of 15 to 25 per cent per year.

BRIEF ACCOUNT

Why we chose DNV GL - Digital Solutions

We invested in Synergi Life to preserve and enhance our status as a standard-setter in QHSE management

This is what we gained

- Synergi Life empowers Petrofac employees to be more efficient at administration and to do their own analyses at a local level. The electronic notification system alerts all locations immediately, i.e. safety alerts do not need to be created
- Synergi Life is designed to meet the needs of complex organizations with complex operations
