

SYNERGI LIFE HEALTH AND SAFETY STAGE 1

Stage 1 focuses on the first essential steps to implement a solution for Health and Safety with Synergi Life

START SMALL WITH A BIG VISION

Projects become complex when too many functionalities and subject matters are introduced too early, too soon. Prioritise your immediate and future needs. Apply a progressive, low-risk approach for quick pay-back

CLOUD SERVICES

Reduce your infrastructure cost. Always on the latest version. Subscription basis, not capex.

RAPID IMPLEMENTATION

DNV GL's rapid implementation and approach means you can have a fully working system in weeks, may even be days, not months or years.

TURN KEY SOLUTION

Leverage the comprehensive built-in functionalities of Synergi Life with no or little customization.

COST EFFECTIVE

25 user pack for risk and incident management starts from less than \$6 per day.
